## Cremation and Burial Alternatives:

## Description and Price List

## Designed with Your Family in Mind

---

Keeping costs down may be of paramount importance in a moment of need...

Thresholds endeavors to help by providing direct cremation, direct burial, and other cost effective alternatives. We recognize costs can become a burden and can hinder the planning necessary for the arrangements of a departed loved one. Direct cremation or burial may just be the affordable and timely answer.

Bowman family preparing for cremation

Direct cremation or burial are options available for those with the resolve of keeping costs and the sequence of time to a minimum. Considerably less involved, direct cremation or burial allows for personal time spent in other urgent areas. While we lovingly encourage full family involvement and participation, Thresholds can assist by providing these options and compassionately taking care of your loved one immediately.

### Cremation And Burial Options:

#### Description and Price List

##### **Direct Cremation: \$1328**

The direct cremation is designed for minimal cost and is without viewing or ceremony. This includes, transportation, refrigeration, basic services, an alternative container, phone consultation, and preparation of legal documents.

##### **Direct Burial: \$1622**

Direct or immediate burial provides a low cost option for those intending a formal burial without attendance. This option includes transportation, refrigeration or preservation using dry-ice, transportation to the cemetery, basic services, phone consultation, and preparation of legal documents. Please note that the family is responsible for casket, cemetery, and grave marker purchases.

##### **Additional Services or Ceremony: \$341 to \$2.5M**

We will assist in creatively developing those options the family may be interested in applying to the direct cremation or direct burial. Viewing, in-home vigil, religious ceremony, and memorial service may meet your special need. Please call Thresholds for those options you may feel appropriate or needed.

#### The Return to Sacred Ritual

Sacred ritual helps us to express the heart and soul of life; it is where we all live. It is not the work of ministers and funeral directors-it is the work of close family and friends. It is the work of those who knew the person intimately, giving them active participation while giving sorrow words, gesture, and meaning.
