GENERAL PRICE LIST

These prices are effective as of 11/08/2013

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. **However, any funeral arrangements you select will include a charge for our basic services and overhead.** If legal or other requirements mean you must buy items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

The survivor of the deceased who is handling the funeral arrangements, or the responsible party, is entitled to receive, prior to the drafting of any contract, a copy of any agreement that has been signed and paid for, in full or in part, by or on behalf of the deceased, and that is in the possession of the funeral establishment.

Prior to drafting any contract for goods or services, the responsible party or the decedent's survivor who is handling the funeral arrangements is entitled to receive a copy of any pre-need agreement in the possession of the funeral establishment that has been signed and paid for, in full or in part, by or on behalf of the decedent (BPC Code Section 7685, CCR Code Section 1258.4).

BASIC SERVICES FACILITATED BY Thresholds.....\$1122

The law in California **DOES NOT** require embalming, although a coroner may require embalming in certain circumstances. A funeral establishment must refrigerate an unembalmed body in its possession within 24 hours if disposition by burial or cremation does not otherwise take place. Thresholds **DOES NOT** offer embalming.

Human remains may be kept at home until disposition without embalming or refrigeration (applies to home death care only). Reference California DCA Consumer Guide to Funeral & Cemetery Purchases, February 2005
